Firming Facial Cleanser

DEEP CLEAN AND CONDITION YOUR FACE

Your face takes a beating from pollution, makeup, excessive oil production, perspiration, and a number of other harsh conditions. Even though your face is dirty at the end of every day, the last thing it needs is cleaning with strong, irritating detergents. Such products may provide a lot of foam, making you believe that they are cleaning your skin. Unfortunately they do not fully clean and may leave soap film that actually clog your pores.

SISEL Firming Facial Cleanser is a highly effective cleanser, yet is gentle to your face. There are no harsh detergents. The secret of our cleanser is a combination of three, richly emulsifying oils that remove dirt and other pollutants from the surface. These oils also clean imbedded

debris, dead skin and body oils that clog your pores. SISEL Firming Facial Cleanser leaves skin feeling fresh, firm and wonderfully clean.

You will love the soft, velvety feel of SISEL Firming Facial Cleanser. Richly conditioning agents leaves your face with a fresh, firm feel. And because it is deeply cleaning and gentle, it is ideal for teens with troubled, oily skin. For a truly sparkling clean face, use SISEL Firming Facial Cleanser daily. Your skin has never felt so clean.
